although the life of federico garcía lorca 1898 1936 was tragically brief the spanish poet and dramatist created an enduring body of work of international importance this selection of 55 poems from a 1921 collection represents some of garcía lorca s finest work imbued with andalusian folklore rich in metaphor and complex spirituality they attest to the poet s popularity as one of spain s most widely read authors

breathtaking in its versatility lorca s poetry conveys the sense that there are many lorcas but elusive a play of presence and absence for lorca fluidity and evasion are essential to the truth of poetry his deep anguish his performative masques his sense of difference and his identification with those also marginalized his sense of the interpenetration of absence and presence all begin to interconnect if viewed from a queered center these translations seek only the original its deep intelligence where a phrase can convey what lorca called duende an elusive something else that evades all definition a mysterious force that everyone feels and no philosopher has explained the spirit of the earth

the selected poems of federico garcía lorca has introduced generations of american readers to mesmerizing poetry since 1955 lorca 1898 1937 is admired all over the world for the lyricism immediacy and clarity of his poetry as well as for his ability to encompass techniques of the symbolist movement with deeper psychological shadings but lorca s poems are most of all admired for their beauty undercurrents of his major influences spanish folk traditions from his native andalusia and granada gypsy ballads and his friends the surrealists salvador dali and luis bunuel stream throughout lorca s work poets represented here as translators are as diverse as stephen spender langston hughes ben belitt william jay smith and w s merwin

federico garcía lorca 1898 1938 is often thought of as a fine lyric poet of the 1920s who then developed into one of spain s greatest playwrights 1931 36 but other aspects of lorca s literary career are equally significant the earlier theatrical pieces which he had started writing by 1918 the bold experimental expressionist plays of 1930 31 and the subject of this volume the later poetry written as his powers as a dramatist matured in the 1930s professor anderson s book is the first in any language to focus specifically on lorca s poetic output from

1931 to 1936 it offers extensive detailed analyses of all the poetry composed during that period *diván del tamarit* with its arab andalusian flavour and stylization the *llanto por ignacio sánchez mejías* a sustained lament on the death of a bullfighter friend *seis poemas galegos* and *sonetos* love poetry echoing petrarch shakespeare and góngora four collections equal or superior in quality power and suggestiveness to lorca's canonic poetical works adopting a literary critical approach based on the close reading of individual texts with relevant background information professor anderson elaborates on the themes and techniques imagery and symbolism strengths and weaknesses of each poem in the four collections thereby he can relate this corpus to the whole of lorca's work showing that it cannot be neatly categorized under any of the avant garde isms prevalent in the 1920s and 1930s his arguments for a revised appraisal of lorca's creative development lead to a compelling case for a re evaluation of his late poetry an appendix gives english translations of all the poems under discussion other spanish quotations are translated in the text and there is a fifteen page bibliography of primary and secondary material
