the legends of many cultures claim that the world was once destroyed in a cataclysmic flood many cultures also claim that someday the world will again be destroyed in a similar fashion in the bible we are told that the disciples once asked jesus if there would be a warning sign prior to this destructive event he said that there would indeed a sign jesus said that whatever was happening in the days of noah will happen again before the end of this age the bible has only a few verses about noah's flood so we are forced to turn to the ancient flood legends of over 350 other cultures to learn more about this prophecy but noah's days did not end with the flood he lived for many years afterward he saw the creation of a tower in babylon this is interesting because the freemasons claim that their order originated here here is the most thorough examination of freemasonry ever undertaken using their own texts to solve the days of noah prophecy

do you believe in conspiracies no one can deny there are many strange events that have never been explained why did flight mh370 from kuala lumpur to beijing drop out of the sky without trace how did the naked body of gchq codebreaker garth williams end up in in a padlocked holdall in a pimlico flat did russian leader vladimir putin really order the assassination by polonium of double agent alexander litvinenko this book gives you the inside track on conspiracies from the assassination of john f kennedy through the mysteries of the illuminati and skull and bones to the death of osama bin laden and the revelations of julian assange and edward snowden it answers all the crucial questions concerning the bilderberg group the nazis hollow earth theory the paris car crash of princess diana roswell and much besides conspiracy looks at a range of the most interesting theories from the visibly far fetched such as the belief that the world is run by lizard people to the only too true and tragic overthrow and murder of chilean president salvador allende

throw out everything you think you know about history close the approved textbooks turn off the corporate mass media and whatever you do don't believe anything you hear from the government the rise of the fourth reich reveals the truth about american power in this explosive new book the legendary jim marris author of the underground bestseller rule by secrecy reveals the frighteningly real possibility that today the united states is becoming the fourth reich the continuation of an ideology thought to have been vanquished more than a half century ago this concept may seem absurd to those who cannot see past the rose colored spin hype and disinformation poured out daily by the media conglomerates most of which are owned by the very same families and corporations who supported the nazis before world war ii but as marris precisely explains national socialism never died but rather its hideous philosophy is alive and active in modern america unfortunately most people cannot understand the shadowy links between fascism and corporate power the military and our elected leaders while the united states helped defeat the germans in world war ii we failed to defeat the nazis at the end of the war ranking nazis along with their young and fanatical protégés used the loot of europe to create corporate front companies in many countries including the united states of america utilizing their stolen wealth men with nazi backgrounds and mentalities wormed their way into corporate america slowly buying up and consolidating

companies into giant multinational conglomerates many thousands of other nazis came to the united states under classified programs such as project paperclip they brought with them miraculous weapon technology that helped win the space race but they also brought their insidious nazi philosophy within our borders this ideology based on the authoritarian premise that the end justifies the means including unprovoked wars of aggression and curtailment of individual liberties has gained an iron hold in the land of the free and the home of the brave for the first time jim marris has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of national socialism to modern america creating in essence a modern empire or fourth reich

in recent years conspiracy theories have been thought to come exclusively from the wilder shores of political observation implausibly far fetched at best and dangerous at worst by definition however a conspiracy occurs each time a group of influential people agree a course of action in private and by extra democratic means conspiring is part of any politician s job description and any criminal s attempt to pervert the course of justice from new information on the usual suspects like the bildeberg group through covert intelligence involvement with britain s wilson government royal family and in the profumo affair to reagan s secret post cold war agenda and a mooted plot within the current us administration to supersede george w bush
